

“LA SOURCE CAMPSITE”

TIPS FOR SUSTAINABLE TOURISM

Dear campers, support our eco-friendly approach. Here are some green living tips you can apply at home or on holiday!

WASTE

- ❖ Compost peelings, food scraps (mini farm or compost bin)
- ❖ Don't forget to sort out your waste and put it in the right bins. Ask us if any doubt.
- ❖ Used batteries are collected at the Reception

WATER

- ❖ Turn off the tap when you brush your teeth (you can use a glass of water), wash your hands or shave. It can save up to 5 litres of water.
- ❖ When you have a shower, turn off the tap while you soap up. It can save up to 30 litres of water.
- ❖ Parents, don't let your children play with water
- ❖ If you notice a leak in your accommodation, in the sanitary block, on the drip irrigation system, tell us immediately.

ENERGY

- ❖ Switch off the lights when you leave your accommodation, the sanitary block.
- ❖ Unplug your computer or charger when you are not using it.
- ❖ Stop the air conditioning in the rooms / bedrooms when there is nobody in.

RESPONSIBLE SHOPPING

During your holiday, buy locally, so you will support the local economy, consume good products and you are going to reduce your carbon footprint. Enjoy our local farmers' markets where you will find good quality products. Every Thursday, a vegetable and fruit producer comes and sells his products at the campsite.

We have created a communal vegetable garden. It's up to you to "bring it to life" !

ECO - FRIENDLY TOURISM

Respect our beautiful environment. Explore the neighbourhood: there are plenty of environment-friendly activities to do.

- Take the walking trails nearby. GR near the campsite. You will find guides at the reception.
- Go walking or cycling with your family on the new traffic-free route.
- No need to go by car if you want to go canoeing down the Chassezac Gorges: our partner can come and pick you up at the campsite.
- Discover the local heritage (Castanea, a museum about the culture of chestnuts, Lavender Museum, Terra Cabra), enjoy the markets and local products (lots of wine growers' cooperatives, Divols farm in Beaulieu).

Any idea, suggestion? Don't hesitate to tell us or fill in the form at the Reception!

Thanks for cooperating!

Nathalie & Jean-Christophe
